**CUSTOM BENCHTOPS**

1. We fulfill custom orders on benchtops; email drawing and specs to [support@hollspa.com](mailto:support@hollspa.com) for a quotation (a **Custom Benchtop Checklist** is available for your convenience)
2. The HOLLSPA Mounting Kit may also be used with customized benchtops supplied by 3rd party fabricators
3. For benchtops up to 14" x 32" (ADA sized), we recommend 2 cm or 3 cm engineered quartz. Other materials such as high quality granite of equivalent flexural strength and with proven performance history in wet environments may be specified as well
4. Thin slabs (less than 2 cm) and other stones may be used if reinforced with our Support Plate (see next section), as long as they have proven performance history in wet environments and are approved by the project designer for the particular project and intended use
